Rate Structure

For Water

Base Charges per water meter size

<u>Meter size in inches</u>	<u>Monthly base fee</u>
5/8" by 3/8-----	\$55.00
1" -----	\$59.06
1 1/2" -----	\$108.12
2" -----	\$164.72
3" -----	\$340.82
4" -----	\$587.36

Winter Water Allotments

November 1st - April 30th -----550 Cubic Feet (approx 4,100 gallons)

Summer Water Allotment

May 1st - October 31st -----1,350 Cubic Feet (approx 10,100 gallons)

Overage Fee

The overage charge for each unit of 130 cubic feet (approx 973 gallons) or fraction thereof over the allowed allotment is \$11.00 per unit

* Note: Most of our meters read in cubic feet. The conversion is 1 cubic foot equals 7.48 gallons, when reading your meter you take the number of cubic feet of water used and multiply that number by 7.48 and that will be how many gallons
